Fly Tying Tools You Can Build: A guide to building and using your own fly tying tools and accessories

By Steve Hudson

Chattahoochee Media Group, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Fly Tying Tools You Can Build is a fly tying book that does not include a single fly pattern. Instead, it is loaded with plans and projects for making your own fly tying tools! From bobbins and whip finishers to desktop tying stations and even homebrew tying vises, this book includes dozens of tying tool projects that have been developed with the hobbyist in mind. Clearly illustrated instructions make projects easy to complete, and durable lay-flat binding makes this book workbench-friendly. You're sure to add a whole new dimension to the fun of fly tying when you tie using tools that you have built yourself.

Reviews

This composed ebook is wonderful. It really is written in basic words rather than hard to understand. You may like the way the writer compose this pdf.

This book can be well worth a go through, and a lot better than other. It is written in simple words and phrases and not confusing. It's been printed in an exceptionally simple way in fact it is merely right after I finished reading through this pdf by which basically changed me, modify the way I think.
