

Faces of America: How 12 Extraordinary People Discovered Their Pasts

Filesize: 1.52 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

New York University Press. Hardback. Book Condition: new. BRAND NEW, Faces of America: How 12 Extraordinary People Discovered Their Pasts, Henry Louis Gates, As a nation of immigrants, the American experience is vibrantly defined by the diverse racial, ethnic, cultural, and religious heritage of its people. Americans carve out their personal histories by tracing genealogies, combing through family archives, and mining the stories and family trees of their elders. But how far back into your past can you actually go? If you could look even 400 years into your genetic history, what would that really look like? Since 2006, scholar and cultural critic Henry Louis Gates, Jr., has been helping African Americans find long-buried details of their ancestries by analyzing their DNA and then marrying that information to a wealth of historical data. Global in scope, Faces of America looks outside the Black experience to explore the roots and identities of twelve of America's most recognizable and extraordinary citizens, who are of Asian, Hispanic, Irish, Italian, Jewish, Syrian, West Indian, and Native American ancestry: Inaugural poet Elizabeth Alexander, chef Mario Batali, comedian and television personality Stephen Colbert, writer Louise Erdrich, writer Malcolm Gladwell, actress Eva Longoria, cellist Yo-Yo Ma, writer and director Mike Nichols, former monarch of Jordan Queen Noor, surgeon and author Dr. Mehmet Oz, actress Meryl Streep, and Olympic gold medalist and figure skater Kristi Yamaguchi. Each of the celebrity subjects in Faces of America underwent dense genotyping to trace their father's line, mother's line, and their percentages of European, Asian, Native American, and African ancestry. Gates and his father, Henry Louis Gates, Sr., also took part, making medical history in the process as they both had their entire genomes - six billion base pairs - sequenced and analyzed by geneticists at the Broad Institute and the Harvard...
