COMMON CORE: PASSING THE TEST?

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The supposed decay in public education, whereby the United States is declining rapidly and falling behind other industrial nations, has been blamed on bad teaching and the lack of common and consistent standards. Chapter 3 provides an overview of the promises of the CCSS next generation assessments and explores the necessary conditions for schools to be able to implement next generation assessments, such as technology integration and professional development of teachers. Chapter 4 reviews the ways in which assessment in classrooms can truly become next generation by utilizing authentic and formative assessment methods. Chapter 5 explores the winners and...
