Why is it injurious to use gas or oil stoves that have no pipes to carry away the gases? Discuss the effects of tobacco on the respiratory organs. FIG. 55. Move your bed out into the open air if it is possible for you to do so. In 1758, during a rebellion of the native soldiers in India, one hundred and forty-six Englishmen were shut up overnight in a room that had but a single window. When morning came, only twenty-three of them remained alive. After the battle of Austerlitz, three hundred prisoners were crowded into a cavern. In a few hours two thirds of them were dead. Many other instances are on record of people who have perished when shut up in closets, vaults, or the holds of ships. Most persons have read of some of these instances, and practically every one takes care to keep out of places where he is likely to perish because his supply of air fails. It would seem, however, that many persons are like the kind-hearted old gentleman who could not bring himself to cut his dog s tail off all at once, and so cut off an inch each morning until the tail was gone; for while these people object most decidedly to killing their bodies all at once with bad air, they do not seem to mind killing them a little at a time. Perhaps they do not realize what they are really doing, but the...
