THE GENIUS OF SIMPLICITY

To save **The Genius of Simplicity** PDF, you should refer to the link listed below and download the ebook or gain access to additional information which are related to THE GENIUS OF SIMPLICITY ebook.

Alfred Publishing Co., Inc., United States, 1999. Paperback. Book Condition: New. 224 x 135 mm. Language: English . Brand New Book. The Genius of Simplicity was written in 1982 by Linda Wickes, an orchestral violinist, educator, lecturer and dedicated string teacher who uses the Suzuki Method(R). Her book, the author herself claims, is a rebuttal or answer to the implication from skeptics that the Suzuki Method(R) is a shallow simplistic gimmick. She accomplishes her goal, but succeeds in doing considerably more! Wickes begins her book with an analysis of Suzuki s philosophy, and continues with chapters entitled: Start Young * Step-by-Step Mastery * Learning by Listening * Group Lessons and Performances * Pedagogy and Technique * Parents and Practicing * Psychology. This book s most wonderful feature is the depth and breadth of research which has gone into each facet. The culmination of this research is a bibliography of such wealth as to be a required reading list for all interested in early childhood education. This book should be read and studied by all teachers, parents, and students of Suzuki as well as all people interested in the growing field of early childhood education.
